NEWSLETTER OF THE

## Meet the 2018 Officers and Board

### President, Keith Faucher

Keith has been a HVSC Club Member since 2013, and a Board of Director member for 4 years. Keith has served on the nominating, budget, site selection (for new meeting venue) and trip committees.

He also has helped with Rail Trail clean up and was a Trip Leader for the 2018 Mt. Snow trip.

Keith enjoys kayaking, hiking, biking and of course downhill skiing. He also has a love of new and old sports cars.

He is a retired Civil Engineer from NYSDOT, currently working part time for a local engineering consultant firm. His wife Terry is also a HVSC member and has been on ski (shopping) trips with the club.

*"As president I hope to guide the club on a path consistent with our Constitution and Purpose statement. I will encourage greater member participation in their club and bring back the events and program committees with the 'one and done' chairperson concept."*

### Vice President, John Macek

John has been an active member of the club since 2006 and has volunteered in many capacities during that time. He was HVSC Secretary for 4 years and a board member for one year.

John has served many years as Chairman of the Constitution Committee and hopes to continue in that role under the new club president and board.

In 2015, he took over responsibility for the club's website and has developed a more visually appealing website with more and relevant skiing information for club members.

John has been a member of the Trip Committee for many years and has led a number of successful western and eastern ski trips.

*"I am committed to the well-being of the club. I will focus on governance to ensure the club by-laws are relevant and upheld. In addition, with the change in personnel performing different tasks, I see a need to document and educate board members, committee chairs and volunteers on their specific responsibilities and timelines to complete them."*

**We** enter the 80th year of the Hudson Valley Ski Club with a new president, new vice president, and three new directors. I wish to give a big thanks to all the officers and directors (past and present) for their service to the club. Since joining HVSC in 2013, I have seen the hard work our members put into making this a great year round club and look forward to continuing that effort.

This past ski season the club offered two western and three eastern trips to our members and guests. Thanks to Jeff Elwyn's trip committee and the trip leaders for well planned and executed adventures on snow. The 2019 trips will be announced soon with sign-ups planned for the June 6th member meeting.

As you know volunteers are the heart of any organization and we have some of the best, but it seems to me that it's always the same people doing the work for your club. Please consider stepping forward and giving your time. Along that vein I would like to introduce my idea of "One & Done" for the Events and Program Committees. Any member or members with an idea for an event or program can bring it to me and I will work with you to make it happen. No long term commitment to being on a committee or the dreaded chair-person, do one and you are done. Who knows, you may find you enjoy it.

I have a few more ideas I would like to implement and will share them with you in the coming months.

**Think Spring!**

## Meet the 2018 Officers and Board

### Secretary, Charlie Shanes

This is Charlie's 30th year with the Hudson Valley Ski Club. HVSC was preparing to celebrate its 50th anniversary around the time he started getting involved with it.

Charlie has served as the Club Vice President and Treasurer. He is currently completing his second term as the Club Secretary.

### Board Member, Nonie Kelley

Nonie has been a member of the Ski Club for close to 10 years and has gone on multiple western trips, as well as Mount Snow trips.

Nonie has participated in other club activities like the 75 Anniversary events, Garden Parties, Catamount Tree Challenge trips and biking.

*"The experience that I bring to the board is that I have been on other "Not For Profit" boards and have had leadership roles throughout my career.*

*I was director for Community Services for Hudson River Psychiatric Center. In that role, I provided administrative oversight for multiple mental health programs in Dutchess, Putnam and Ulster counties. Additionally, following my retirement from NYS, I opened 3 new Mental Health programs in Dutchess County for Access: Supports for Living, a non for profit mental health agency.*

*I bring good communication skills and a willingness to collaborate with others. As a Director on the Board I have a commitment to improving the club!"*

### Summer Meetings

During the months of May, June, July, and August the HVSC will meet once a month on the first Wednesday of the month. However being the first Wednesday in July falls on a holiday (4th of July), our meeting will be held on July 11th.

### Board Member, Lorna Thompson

Lorna has been a member of HVSC for five years, and is a long-time resident of the City of Poughkeepsie.

Lorna has participated in several HVSC ski trips, including Chamonix, Whistler, Banff, Mt. Bachelor and Tahoe. She spends most of the winter at Windham, NY, helping with the youth ski race program, and skiing as many days as possible!

Lorna is a retired middle and high school principal, a Board Member of Hudson River Housing, and a volunteer with HRH's Middle Main initiative.

*"I am interested in supporting the HVSC anyway I can."*

### Treasurer, Jim Gahn

### Sergeant at Arms, Patrick Cummins

### Board Member, Carole Daniels

## Trash Talking on the Dutchess Rail Trail

**Saturday May 5, 2018, 9:30 AM**

Can you believe it?! This will be the HVSC's sixth year participating in the Adopt-A-Trail Program on the Dutchess Rail Trail.

Please join us for a fun morning as we walk the section between Old Manchester Road and Titusville Road, cleaning up any trailside trash.

We'll meet sharply at 9:30 AM at the Rail Trail parking lot behind H.G. Page (the lot closest to the Route 55 over-highway bridge), and after a brief safety talk, we'll head out for a 2 mile walk, picking up any litter along the way. In past cleanups, there's been quite a bit of good-natured competition regarding who collects the most litter!

Trash bags and rubber gloves will be provided to all participants.

After backtracking to our cars, we'll gather for a late breakfast/early lunch at the Daily Planet on Route 55, always a great way to continue the conversations.

To sign up for this spring outing contact Carole Daniels at 845-635-3949 or carolebdaniels@gmail.com

## 10 Best Ski Resorts for Summer Fun

The snow is nearly gone and another ski season is coming to an end, but that doesn't mean resorts close their doors until the next frost settles. On the contrary, the best resorts in the country ramp up their offerings and really come alive in the summer months. Biking, alpine slides, golf, and fly fishing are just a few of the outdoor activities on tap at these outstanding locations, so head for the hills and enjoy your favorite mountains as you never have before. These ten year-round resorts are among the best to visit this summer.

### Whiteface Mountain, Lake Placid, New York

You'll find a bevy of outdoor activities at Whiteface Lake Placid during the summer, including a bobsled experience that is truly unique. Hop into a professional bobsled and go for a ride down an actual bobsled course. With professionals at the helm, this is a rare chance to experience Olympic greatness (or as close to it as most of us will get). The Summer Jumping Series offers a fun way to showcase winter ski jumpers in the summer, as they jump up to 60 mph from the runs into a deep pool of water. Performances happen sporadically throughout the summer, so be sure to plan accordingly.

**Insider Tip:** Whiteface Lake features Olympian skater shows on some Saturday nights throughout the summer. Be sure to check the schedule to catch your favorite skaters live.

### Killington Resort, Killington, Vermont

In the heart of Vermont lies the tiny town of Killington, with a population of less than 1,000. Though small in size, it is home to the largest ski area in the Eastern U.S., Killington Resort. Come summertime, Killington continues to entice guests with its 45 miles of mountain-biking terrain accessible from a gondola. Golfers can enjoy the 18-hole, Geoffrey Cornish-designed golf course amidst the scenic mountain landscape. Those seeking to take a walk and enjoy the views on foot have more than 15 miles of designated hiking trails available. A designated disc golf course rounds out Killington's summer offerings.

**Insider Tip:** Killington offers a Saturday evening outdoor concert series called "Cooler in the Mountains" that hosts

by Zachary Laks • Reprinted from *Fodors.com* 7/27/16

musicians from around the country. Bring a blanket and your favorite snacks and enjoy the free tunes.

### Northstar California Resort, Lake Tahoe, California

The sophisticated Northstar California Resort's summer season is a relaxing escape. The resort is set in the mountains of Tahoe, and the golf course is both renowned and challenging (also keep an eye out for the new mini golf course). Fly fishing is offered through the secluded and private Sawmill Lake, where rainbow trout are stocked for catch-and-release action. Add forty-three bike trails accessible from three different lifts and fifteen hiking trails, and you'll never want to be indoors.

**Insider Tip:** Be sure to sign up for the popular Wine Walk, where guides take you through the town of Northstar to sample local wine.

### Sunday River, Newry, Maine

Sunday River's summer roster is filled with exciting outdoor activities that are sure to thrill all guests. L.L.Bean, a Maine staple, has recently partnered with Sunday River to offer a variety of activities including adventure hikes, archery, and stand-up paddleboarding. Its zipline course sends riders down six lines up to 300 feet in length before a final zip down the epic 750-foot Twin Zip. Often cited as one of Maine's best golf courses, Sunday River's 18-hole course is beautifully maintained. Finally, the bungee trampoline gives the brave the chance to jump 20 feet into the sky.

**Insider Tip:** Participants undergo a series of obstacles in a race in the Tough Mountain Challenge, one of the highlights of the summer at Sunday River. Whether you're in it to win it or just want to cheer from the sidelines, the Challenge is a great time.

### Timberline Lodge, Timberline Lodge, Oregon

Unlike any other ski resort in the Pacific Northwest, Timberline Lodge is a National Historic Landmark (honored in 1977), and its grandeur remains. As one of Oregon's most

popular tourist destinations, the Lodge provides summer snow on its Palmer Snowfield from June through September. Take the chairlift up 7,000 feet to the peak of Mt. Hood for the incredible views, then hike or bike the scenic trail down to the base.

**Insider Tip:** Don't miss the International Pinot Noir Celebration in nearby McMinnville, where Timberline chef Jason Stoller Smith takes over the annual salmon bake.

#### **Attitash Mountain Resort, Bartlett, New Hampshire**

Attitash takes on a new life come summer with a compound filled with family activities and outdoor thrills. The scenic Mountain Coaster is the resort's highlight, taking riders up the mountainside and down sharp turns. Also check out the alpine slides, including the longest in America, for a real rush. Make sure you break at the turns, or risk flying off the course. Two waterslides will help you cool off after a long day in the sun.

**Insider Tip:** Check out the Conway Scenic Railroad for a unique lunch experience on the Dining Car Hattie Evans. Meals are prepared aboard the scenic locomotive by chefs from Crawford's, a local restaurant.

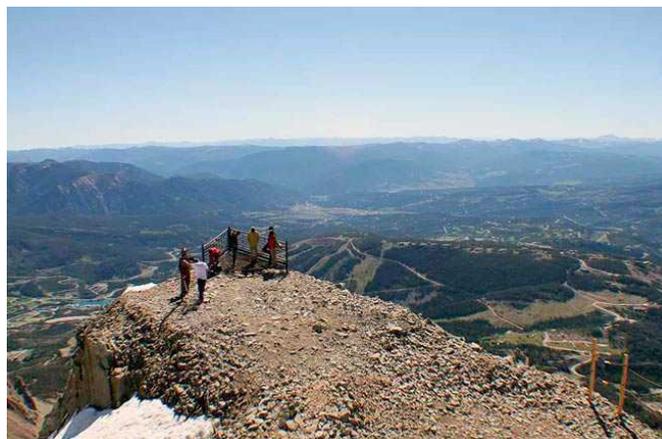

#### **Mohonk Mountain House, Mohonk, New York**

Mohonk Mountain House's grandeur stands as a classic architectural wonder from the nineteenth century. Perched on the beautiful Lake Mohonk, the summer season turns Mohonk Mountain House into a relaxing getaway for urbanites seeking fresh air. A schedule of activities is circulated daily, with many workshops, hikes, and food options available. What's more, your meals are included in the price of your stay, and the food is worth raving about. Dinners include menu options such as filet mignon and fresh fish, cooked to order.

**Insider Tip:** Enjoy the veranda on your room a little longer by ordering room service for breakfast.

#### **Big Sky Resort, Big Sky, Montana**

As the basecamp for the great Yellowstone National Park, Big Sky Resort offers a complete summer package. Get soaked while you paddle through the waves of the great Gallatin River with the resort's whitewater rafting excursions, or harness up at the rope course. For something a little less physical, skeet shooting on Andesite Mountain offers picturesque scenery while you practice hitting your mark.

**Insider Tip:** Expect local eateries' stalls, wine tastings, and live music at Big Sky's Vine and Dine Festival.

#### **Stowe Mountain Lodge, Stowe, Vermont**

Enter the small country town of Stowe, where a general store, post office, and white-washed church mark the town along Route 108. Head up Mount Mansfield to Stowe Mountain Lodge, where you'll find a luxurious oasis. The acclaimed Stowe Mountain Golf Club course turns heads with its spectacular views and Bob Cupp-designed holes. As for dining, the resort restaurants serve up American favorites with farm-to-table flair.

**Insider Tip:** Drive by the Gold Brook Covered Bridge for a gorgeous photo opportunity over an active trestle.

#### **Massanutten Resort, McGaheysville, Virginia**

This all-around family resort has a host of outdoor activities. Rent a kayak and make your way down the Shenandoah River for a day of light adventure. Massanutten also offers horseback riding on its forest trails, as well as a petting farm where you can meet a camel, mini horses, and alpacas. The climbing wall is a popular spot where the strong can test their might. Then, cool off at the waterpark, which features racing slides and a wave pool.

**Insider Tip:** Massanutten plays host to the "Food Wars" where groups assemble to make the best cupcake. Children compete against their peers to be the top decorator in this sweet activity.

## HVSC POINT REDEMPTION GUIDELINES

The guidelines for this program are as follows:

1. In order to qualify for redeeming points a member must have accumulated a minimum of 250 points. Points will be tallied at the end of April each year. Redemption of points for club activities and services will be processed at 2 points equaling \$1.00. The maximum redemption allowed per qualified member is 250 points (\$125.00 value) each year (May – April).

2. Top point accumulators may likely be chosen to lead club ski trips. Trip leaders who receive complimentary passage for trip costs will automatically redeem points as follows:

Weekend trips will cost trip leader 100 points,

Midweek trips will cost trip leader 500 points,

Weeklong trips will cost trip leader 2000 points.

Assistant trip leaders will render points (if accumulated) at a rate of 1:1 equal to the \$ amount value, if any, of complimentary trip cost reduction.

*NOTE: In the event a designated trip leader or assistant had accumulated fewer points than the trip would cost, they would zero out their point accumulation but not show a negative point value.*

3. A qualifying member may redeem their points for any club sanctioned event having a monetary cost, including ski trips, as per guidelines in section 1 above.

4. A qualifying member may redeem their points for discount ski tickets from the club's discount ticket program through the New Jersey Ski Council, as per guidelines in section 1 above.

5. Requests for redemption of points must be submitted to the Secretary of the club by completing a request form available on the club's web site. The forms may then be submitted online or delivered to the secretary and will be processed.

6. The redemption request must be approved by the Board of Directors.

7. The requests for redemption will be awarded on a first come first served basis, subject to budget limitations established each year by the Board of Directors.

8. Failure to maintain membership cancels all accumulated points.

(Membership is maintained if renewal is activated within one year)

If you have any questions about your points or the redemption program please contact the club secretary via email to [Secretary@HudsonValleySkiClub.org](mailto:Secretary@HudsonValleySkiClub.org)
