“Delicious buffet dinner and DJ Booska will be spinning the tunes from the 70’s, 80’s, 90’s and today. Everyone who knows me knows that I love to dance so I can tell you that I’m going to make you move. Lots of ballroom, Latin and freestyle dance hits. Rest up and pace yourself for this one because you’re going to be exhausted trying to dance to every one. The menu and instructions for payment to Pat Cummins will be in the December newsletter.

From the Editor/Webmaster

Think "Green" plus 16,777,215 other colors

I was recently asked how to NOT get the monthly newsletter in the mail and thereby save the Club some cost as well as save some small part of the environment.

That little-used membership option has been available for years. All it takes is a request to Pete Gray to be put on the "no mail" list. You would then not get the newsletter in the mail. You could still access the newsletter online and print it yourself should you need a hard copy. Or if you want a particular issue mailed to you, just contact me.

The advantages of the online version are many. Besides the tree-saving and postage-saving, the online version is available weeks before you see the hard copy in the mail, it is available in full color (a palette of almost 17 million colors). And for those readers with difficulty reading the small print, one may enlarge the text

and/or take advantage of the "read-out-loud" feature of your browser, should it have one. You can even click on links to get to websites and e-mail addresses which appear — try doing that on the paper copy!

Remember, no unsolicited or unannounced e-mail from Hudson Valley Ski Club has ever (and will never) contain attachments or embedded executable files.

New Club Logo and Apparel

We now have a new Club logo. The process began a year and a half ago with the formation of a marketing committee that sought solicitations from select Club members and familiar outsiders with expertise in graphic design. After a year of disappointing results the board of directors hired a marketing consultant to create a professional logo that would convey our message of year round fun, excitement and sophistication (just like us) in a simple and attractive manner.

NEW - Tee shirts

We now have great looking club tee shirts available for only \$12. They come in white or grey and you can purchase them at meetings or events. Show your spirit and promote the HVSC by picking one up soon.

REALLY NEW - Club apparel

Visit the HVSC website and click on the link for our exciting line of embroidered ski apparel featuring the new club logo. We have turtlenecks, podium caps, winter hats, fleece vests and jackets in a variety of colors, styles and sizes. Select the items that you wish to purchase, add them to your cart then, proceed to the checkout. Indicate if you would like to pick up your order at Embroideme at the Poughkeepsie Plaza or have it shipped directly to you. All the products are of very good quality and very attractively priced. There's no reason why you can't be stylin' on the snow this ski season.

Lift Ticket Lotto

Once again the club will be holding the **Lift Ticket Lotto** contests at each club meeting this season (we've already started by the way). Several local and regional ski areas have given the club lift tickets in exchange for ads in the newsletter. We'll be giving away tickets to different ski areas at each meeting from now through March 2009. All you need to do to get in on the hot action for this cool deal is to be sure to buy some Lift Ticket Lotto raffle tickets at the next meeting – do get left out in the cold. When you win and later use a lift ticket from Lift Ticket Lotto, please take a moment to thank the ski area for their support of the HVSC.

Winners for October:

- Oct 1: Belleayre—Ingrid Dodard, Plattekill—Mark Searle, Thunder Ridge—June Franzel, Windham—Judy Sever, Mt. Snow—Charlie Shanes

HOW TO IMPROVE YOUR SKIING OR RIDING

There are a few techniques that are proven to enhance one's skiing or riding abilities that many of us have most likely employed at one time or another during our skiing/riding careers. There's the tried and true method of practice. Simply doing it over and over and over again until, hopefully, it becomes second nature. For example, you probably tie your shoes without looking at them simply because you've done it so many times and your fingers have such a high degree of muscle memory. Hopefully, all of that practice allows you to get it right and your skill level improves. If not, then frustration sets in and ultimately one gives up. Not for lack of trying mind you but, simply because it doesn't work or it's not enjoyable. Something is missing. What is a person to do? As far as skiing or riding is concerned, (you're on your own with regard to tying your shoes) this is where your ski club gets involved. The HVSC can address, in a positive manner, the frustration you feel, the plateau that you seem to have reached and your perceived inability to make the leap from that plateau to a higher level of skiing and riding. Forget that "woe is me" attitude or the belief that you'll always be an intermediate – do something positive. The HVSC has the means to address the dilemma you may be experiencing.

The Ski Improvement Days that will be offered in conjunction with discount lift tickets at several local ski areas and the instruction on some club trips are the first steps to take to enhance your skiing or riding. These days allow members and their guests to take advantage of less expensive skiing and riding opportunities and free lessons from Certified and qualified ski instructors. Lessons will be available for everyone from the first-timer to the upper intermediate who is having difficulty making the transition to being a truly expert skier. Come join us for one of the upcoming Ski Improvement Days and you'll be pleasantly surprised at how much better your skiing and riding will become. You may even learn about the highly secret French technique for ski improvement. Be sure to see the coming newsletters for more information about the ski improvement days and a schedule for the discount lift ticket opportunities.

If you plan to participate in one of the Ski Improvement Days, please contact the club's Instruction Coordinator, **Mark Searle**, at (845)471-6402 or HVSCSkiTeach@Yahoo.com to ensure that there will be appropriate instructors available for the given event..

A list of Ski Improvement Days appears on page 8 of this issue.

Get back on your feet soon...

SKI INSTRUCTORS – ORIENTATION MEETING

All current HVSC instructors were recently sent an e-mail asking them to identify their availability to teach at forthcoming HVSC events this season. Several have responded (Thank you) but, there are still many who have not. **"Don't today's young people join outdoor clubs?"**

Last March shortly after I uploaded Pete Gray's photo story of the February Aspen, Colorado ski trip, a 60-year old Canadian viewer named Doug posted the following comment:

Good jazz, nice shots of the landscape, no action shots. I remember when ski clubs were full of 20 and 30 somethings and now they are full of 50 and 60 somethings. Don't today's young people join outdoor clubs?

To which I replied:

Thanks for [your] comment. Your observations are true. The ski clubs in this area used to have three times the membership and half the average age. Whether it's the "downsizing" by major employers in the area, the economy in general or the computer keeping people out of clubs and off the slopes, I don't know – probably some combination.

So with the Winter Expo coming, this would be a good time to remember: bring your friends -- young and old -- to meetings, events, "race training," etc. *Editor*

Wedding Couples As reported in earlier issues, I've started a list of couples who met in Ski Club and married. Within a day we came up with over forty couples and are now up to fifty. There are even at least two pairs of members who met in HVSC, got married and each partner served as president of the Club and at least

seven more where one partner served in that office. So check it out on the HudsonValleySkiClub.org website. If you (or someone you know) should be on the list and is not, let me know. If you are on the list and would rather not be or want to correct your entry, let me know as well. And check out 1983 — the year of the most HVSC weddings. If you're on the list, send me your wedding date!
