## Save a Tree and Some Cash...

Beginning with the 2013—2014 membership season members may select on their membership application the option to not receive hardcopy of the HVSC monthly newsletter and receive a reduction in their annual dues.

All members will still have access to the online newsletter prior to publication as will the public after publication, but those members who "hardcopy opt-out" will receive only the online link.

The merits of the online newsletter have been reported here before (color images, dynamic hyperlinks and e-mail, searchable, scalable sizes, "read aloud", etc.) Of course, you could always print all or part of the online newsletter, if you so choose.

And of course if you choose no mailed hardcopy, you save printing and postage and a few bucks for yourself.

Look for and select that option on your 2013—2014 membership application.

## "Teacher, Teacher!"

Did you know that ski and snowboard instructors are required to take re-certification clinics every two years? However, some take clinics more often just to sharpen their skills. Herb Eschbach, one of our club ski instructors, accepted an invitation to attend the Professional Ski Instructors of America (PSIA) National Academy in Snowbird, Utah this past April. This annual 5 day event attracts instructors from across the country.

The first morning of the academy all of the attendees are assigned to a specific "Course Conductor", all of who are members of the PSIA National Alpine Team or Snowboard Team. In other words, they are considered the best instructors in the country, and represent the USA at international ski and snowboard instruction rallies.

So which Team member did Herb get assigned to?.....none of them. By luck of the draw, his Course Conductor was Rob Sogard, Coach of the PSIA National Alpine Team, and himself a former member of the National Alpine Team. Says Herb, "I was humbled, and envied, to be in a class taught by the "Best of the Best". So, for five days all of the participants were immersed in focused tutorial skiing skills development, mostly on-slope plus a few video analysis classroom sessions. Herb adds, "The fine tuning and development of our skiing was amazing, but my "homework" starts next season".

As some might be thinking, mid-April at Snowbird would likely be spring skiing. Not so, the high for the week was 31, and two mornings it was 6! .... and with that came 28" of new snow during the five days...

Rob Sogard, Coach, PSIA National Alpine Team, and Herb Eschbach, HVSC Ski Instructor

## At the Hudson Valley Ski Club Installation Party Wednesday May 15

we honored 3 people:

- **Larry Slezak** for his dedication to the club as Sergeant-at-arms (he joined in 1976),
- **Craig Goldstein** for his hard work as the marketing/75 committee chairperson
- and **John Macek** for his professionalism, attention to detail at doing a fantastic job as club secretary.

## SkiDUCK...

Our club has collected a substantial amount of ski apparel and equipment over the past year. Last September Cheryl Corbett, Northeast Area Director, spoke at our meeting and was presented with a "First Installment" of donations. Since September additional donations have been collected that far exceed the First Installment. (See next column)

We have had and will continue having the "Blue Barrel" at our meetings as an ongoing project for the club for you to add your no longer needed gloves, mitts, jackets, suits, pants, socks, thermal layers, hats, neck warmers, helmets, boots, poles etc. Periodically we will box up the goods and send them on to SkiDUCK.

**SkiDUCK** (SKIing and snowboarding for Disabled and Underprivileged Children and older Kids) is a new, grassroots non-profit organization dedicated to enriching the lives of disabled and underprivileged children by sharing the joys of skiing and snowboarding.

SkiDUCK is committed to partnering with local organizations with similar goals of serving disabled and underprivileged children. And in areas where these needs aren't yet being served, we seek to establish a sustainable model of service with local resources and volunteers. If your community or organization is interested in partnering with SkiDUCK to establish or enhance a program to help children onto the slopes, give us a QUACK!

## Mark your calendars!

### Vermont Adventure August 14th through 18th Hudson Valley Ski Club's 75th Anniversary Celebration

In a message dated 5/15/2013 from Elizabeth Dollinger,  
Account Manager, Albany District, American Red  
Cross to HVSC member, **Frank Van Zanten**:

Frank,

I want to congratulate you on an incredibly  
successful blood drive. I was a bit concerned a week ago, but  
with your determination and dedication to meeting our goals,  
the results were phenomenal! The staff collected 41 units of  
blood, which will help save the lives of 123 patients; and as you  
know, 99% of the blood used in Dutchess County hospitals  
comes directly from the American Red Cross. So, we thank you  
for your efforts and interest in helping your local community.

A job well done, and one that we will always look back on as a  
text book example of how to pull a team together that will  
work collectively to bring donors in from a variety of networks.  
As always, when drives are this successful, we encourage you to  
consider hosting an annual event. If you're up for it, we can plan  
an annual May event for you.

In the meantime, celebrate your success, and know that your  
contributions to the American Red Cross are greatly  
appreciated.

Regards,  
Liz
