

**January 28 –  
March 4-11, 2023**

Snowmass, is an intermediate skier's delight, with 91 runs on 3132 acres, and a 4,030' vertical. On the same IKON lift pass, Aspen Mtn, Aspen Highlands, Buttermilk, offer a wide range of trails to challenge all skiers.

HVSC is staying at the Stonebridge Inn, just 600' from Snowmass slopes.  
Free nearby buses bring us to the other ski mountains and into Aspen town.

Prices will be available after contracts finalized.  
Options include buying Snowmass/Aspen lift pass for our week, or multi-area IKON pass.

If you are going on both Snowmass & Steamboat trips, the IKON Base Plus Pass looks attractive. It allows 5 days across the four Aspen areas & 5 days at Steamboat, plus Eastern areas: unlimited at Sugarbush, unlimited at Stratton, 5 days Killington, 5 days Windham, etc.

To ski 6 days at Snowmass/Aspen and 6 days at Steamboat, the full IKON Pass would be needed. It also offers multiple days across Killington/Windham/Sugarbush/Stratton/etc.

If you are skiing Snowmass, but not Steamboat, the IKON Base Plus Pass might be useful if you ski other IKON-affiliated areas, including Mt. Tremblant or the Eastern areas mentioned.
